DYNASTY**SPAS**[®]

ILLUMINATED JETS

SWIM•ROW•RELAX•365 DAYS-A-YEAR

The swim spa line was created to improve the quality of life for you and your family. Use it to swim, stretch, row, relax and enjoy. It's your own personal gym and pool in one!

Dynasty Spas believes exercise and fun can be combined into the same area. Our four specialized swim spas are built to last a lifetime and are an excellent way to get in shape! This line includes a Lucite® shell, exercise equipment for resistance training and a super water purification system which ensures clean water every time you workout or swim.

Our swim spa line includes a swim lane for guidance in the water; and with the rowing kit comes resistance bands and bars for you to begin your training circuit. It will become your personal underwater gym with the additional benefit of being a low impact activity.

Swim spas can be installed above or below ground and do not require the permits required for regular swimming pools. They are also more energy efficient and backed by a outstanding warranty. So whether it's swimming against powerful jets, rowing, soaking or just relaxing, there is a Dynasty swim spa for your size and budget.
